

纯净水、矿泉水、果汁、酒类等冲洗、灌装、封口自动生产流水线
Washing, Filling And Sealing Production Line For Pure Water,mineral Water,fruit Juice,spirit,etc.

The production line includes ZC auto washer,CYG often pressure filler,WFG cap turning machine,SSJ carrying machine etc.The key parts for washing ,filling and sealing are made of high quality stainless material,with the features of advanced technology,completed sytem,relabile performance,easy in operation,etc.

技术参数 Technical Parameter

Model	Production	Bottle Height	Motor Power
ZPC-12 GFP-12 YQX-3	1000-2000b/h	160-300(mm)	3.05kw
ZPC-18 GFP-18 YQX-4	2000-4000b/h	160-320(mm)	4.07kw
ZPC-24 GFP-24 YQX-6	3000-8000b/h	160-340(mm)	4.82kw

一加仑洗灌封生产线
One-gallon Washing, Filling ,Capping Production Line

This line is specially used for the equipments of plastic barrels washing,filling and capping. As this line has introduced the advanced and mature technology of the European countries, with the high degree of automation, adaptable, easy to operate, good safety performance advantages, its advanced nature has a leading position in the domestic industry with similar products.

The equipment is suitable for automatic filling four liters of pure water and different bottles and volume can be adjusted continuously. Each filling valve can be micro-adjustment. Its technology is in the leading position in this field at home.

冲洗、灌装、封口三合一(碳酸饮料)
Washing, Filling, Capping 3-in-1 Machine for Carbonated Drink

Type DCGF Series Washing Filling Capping 3-in-1 set is used for filling carbonated drink, suitable for filling carbonated drink into polyester bottles and PET bottles.It can be used for all kinds of bottles.The bottleneck blocking makes the process of changing bottles easily by only adapting the height of conveyor chain.The filling process adopts the balanced pressure filling technology,which makes filling process faster and more stable Compared with other equipment of the same kind this machine possesses a better quality.

易拉罐含汽饮料生产线
Can Beverage Production Line
